

Service Order Form

IMPORTANT INFORMATION:

If you have a razor that looks like the ones below, we need you to send us an email with pictures so we can get you a custom quote or let you know if your razor is serviceable. info@matesstraights.com

Q. What type of razors do you hone?

A: We can hone anything that is serviceable! With that being said, we **cannot** hone anything made in China, India, or Pakistan. This also includes:

- Cheap Damascus Razors
- Gold Dollar Razors
- Titian Razors
- Selective Razors
- Jacob Ray Razors
- Fromm Razors
- Mehaz Razors
- Cut Throat Razors
- Krieger razors
- Gierson & Forstoff Razors
- Master Razors
- Velvet Forge Razors
- Sweeny Todd razors
- Razors sold on Amazon
- Unbranded razors of any kind

Razors that are shipped to us that match the above will be returned. No exceptions.

If you are not sure what type of razor you have just send us an email with a picture to: info@matesstraights.com and we can tell you!

Razors that have extensive hone wear (Pictured above) or razors that you're not sure about, just send us an email! It's easy and free! info@matesstraights.com

What's included in your service:

- **The Honing Service:**

With this service, we can reset the bevel of your straight razor, hone your razor, and tighten pins if loose. This service **does not include chip removal or rust removal**. This service is for razors that are in good condition. If your razor is of poor quality, such as the ones listed above, or if your razor has significant wear or malformations that would prevent service, we will send the razor back with a refund and explanation.

- **The Rustic Restoration:**

With this service, we not only hone your but we clean everything (dirt, grime, and soap build up) and remove active orange rust. If there is pitting caused by the rust we cannot remove it. This service is ideal for "grandpas" razor. If the razor is of poor quality or if there are malformations that would prevent service, we will send the razor back with a refund and explanation.
